

We didn't HESITATE...

We put our customers first!

At BOQ, we were the first bank to announce the full RBA rate cut for both our standard variable home loan and variable business loan customers.*

Meanwhile, the big banks took their own sweet time to make up their minds!

As the Owner-Manager at BOQ Strathpine, I always put my customers first because I'm in it for the long term. You see, I'm not just a banker I'm a small business owner too, so my success depends on your happiness. Which places you in a pretty enviable position - with a truly competitive rate and direct access to me, your local Owner-Manager.
