Trades / Technical

Vehicle Mechanics

- Permanent full time and part time work options
- Strong safety culture and all uniforms, tools and PPE provided
- Meeandah, Brisbane location

BAE Systems is Australia's largest Defence company. Our 6,500 employees provide Australia's Army, Navy, Air Force and security customers with total capability.

Applications are now sought from experienced Vehicle Mechanics for roles in our Defence Logistics Land 200 project team based in Meeandah, Queensland. As a key member of our team, you will be responsible for performing maintenance activities and installations on military vehicles.

As an ideal applicant, you will have technical trade qualifications (Certificate III Automotive or equivalent) along with experience in the repair and modification of heavy to medium vehicles. You will also have a strong commitment to safe work practices, a team work focus and be reliable, proactive and flexible in your approach to work. Prior relevant experience working with Defence vehicles or protected mobility vehicles will be an advantage.

We offer outstanding development opportunities, support for training and development, a safety first culture and a genuine focus on diversity and family friendly, flexible work practices.

Applicants must be Australian citizens or eligible to apply for citizenship to meet Defence security requirements.
